390	MLI81076	Romano-British pottery scatter in a field north of Bicker Road (A52)	520740	336178	Artefact Scatter	Roman	A Romano-British pottery scatter has been noted on the surface of a ploughed field north of Bicker Road (A52) which extends into the cemetery opposite. Only the pottery near the public footpath was seen, so the extent of the scatter is not known. Substantial amounts of pottery were identified, including late third-fourth century grey ware, burnished black ware and possible slipware rims.	Lincolnshire HER
391	MLI81392	Scatter of post-medieval to modern pottery, off Park Lane	520698	335812	Artefact Scatter	Post Medieval to Modern	During a watching brief, a scatter of post-medieval to modern pottery was recorded.	Lincolnshire HER
392	MLI90071	Post-medieval Flood Defence Ditches, Bicker Fen	519679	338551	Flood Defences, Ditch, Gully	Post Medieval	A series of post-medieval ditches and gullies were identified in 2006, during a watching brief for a new electricity substation at Bicker Fen. These features pre-date the existing drainage dyke, which was probably constructed during Enclosure in the 18th century. The ditches and gullies appear to have been dug during times of flood to prevent waterlogging of the higher ground.	Lincolnshire HER

ELI10449	Site Visit A site visit was conducted at the Nonconformist Chapel, Station Road, Donington on the 15 th of April 2010 by Lincolnshire County Council. The visit was in aid of a survey of Nonconformist Chapels in South Holland District.
ELI10451	Site Visit A site visit was conducted at the Nonconformist Chapel, Chapel Lane, Donington on the 15 th of April 2010 by Lincolnshire County Council. The visit was in aid of a survey of Nonconformist Chapels in South Holland District
ELI10452	Site Visit A site visit was conducted at the Nonconformist Chapel, Donington Bridge, Donington on the 15 th of April 2010 by Lincolnshire County Council. The visit was in aid of a survey of Nonconformist Chapels in South Holland District.
ELI10457	Site Visit A site visit was conducted at the former Nonconformist Chapel and burial ground in Donington on the 23 rd of February 2010 by Lincolnshire County Council. The visit was in aid of a survey of Nonconformist Chapels in South Holland District.
ELI10459	Site Visit A site visit was conducted at the site of the former Primitive Methodist Chapel and Sunday School, High Street, Donington on the 23 rd of February 2010 by Lincolnshire County Council. The visit was in aid of a survey of

Archaeological Events

			Nonconformist Chapels in South Holland District.
EL11051	Site Visit		A site visit occurred at land off Chapel Lane, Little Hale by John Samuels Archaeological Consultants between the 1 st of January 1997 and 31 st of July 1998 over an area of 67m by 110m. John Samuels Archaeological Consultants report that: <i>'A site visit was made to the proposed development area as part of a desk top assessment. The DTA report does not appear to be in the SMR.'</i>
EL11052	Trial Trenching		A trial trenching event took place on land off Chapel Lane, Little Hale by John Samuels Archaeological Consultants between the 1 st and 31 st of August 1998 over an area of 67m by 110m. John Samuels Archaeological Consultants report that: <i>'Four trial trenches were excavated to evaluate the archaeological potential of the proposed development site.'</i>
EL11053	Geophysical Survey		A geophysical survey was conducted on land off Chapel Lane, Little Hale by John Samuels Archaeological Consultants between the 1 st of January 1997 and 31 st July 1998 over an area 67m by 110m. John Samuels Archaeological Consultants report that: <i>'Geophysical survey on the proposed development site at Chapel Lane identified a possible series of pits and ditches which were investigated during the trial trenching.'</i>
EL110762	Archaeological Evaluation		An archaeological evaluation occurred on land at number 4 to number 12 Church Street, Donington between the 28 th to the 30 th of June 2010. The event was conducted by Archaeological Project Services where by: <i>'Two trial trenches were excavated on land at 4 to 12 Church Street, Donington, in June 2010. A 19th to 20th century dump deposit including pottery, clay pipe and tile was found in trench one. In trench two Medieval pits and pottery and an undated pit and former yard surface were found.'</i>
EL111050	Building Survey		A historic building survey was conducted at Donington Methodist Chapel, Church Street, Donington on the 1 st of April 2011. The survey was undertaken by Allen Archaeological Associates, the chapel was described as a red brick chapel, built in 1903 on the site of two previous chapels.

Archaeological Events

ELI115051	Watching Brief	An archaeological watching brief was conducted on groundworks at Plot 3 Coles Lane, Swineshead by Archaeological Projects Services on the 31 st of May 2011 over an area of 19m by 42m. Archaeological Projects Services report that: <i>'A watching brief was undertaken by Archaeological Projects Services during groundworks at Plot 3 Coles Lane, Swineshead in May 2011. A ditch which contained 13th to 14th century pottery was revealed.'</i>	
ELI11054	Watching Brief	A watching brief was conducted on groundworks on land adjacent to Firtree Cottage, North End, Swineshead by Archaeological Projects Services between the 7 th and 8 th of June 2011 over an area of 37m by 31m. Archaeological Projects Services report that: <i>'A watching brief was undertaken by Archaeological Projects Services on groundworks on land adjacent to Firtree Cottage, North End, Swineshead in June 2011. Medieval, Post Medieval and undated features were found.'</i>	
ELI11091	Archaeological Monitoring and Recording	An archaeological monitoring and recording event took place on land at A17/A52 Bicker Bar Roundabout, Swineshead by Archaeological Projects Services between the 14 th of March and 8 th of April 2011 over an area of 544m by 695m. Archaeological Projects Services report that: <i>'Archaeological Monitoring and Recording was undertaken by Archaeological Projects Services on land at A17/A52 Bicker Bar Roundabout, Swineshead in March to April 2011 during the excavations for a new building. A Medieval possible ditch, two possible Post Medieval field ditches and two Post Medieval pits were revealed.'</i>	
ELI11094	Watching Brief	An archaeological watching brief took place at number 21 The Green, Helpingham by Archaeological Projects Services between the 28 th of April and 3 rd of May 2011 over an area of 63m by 35m. Archaeological Projects Services report that: <i>'An archaeological watching brief was conducted during the groundworks for construction of new welling at 21 The Green, Helpingham. Possible 19th century ditches and a pit were revealed.'</i>	
ELI1117	Watching Brief	A watching brief was conducted on water main trenches at Helpingham by Archaeological Projects Services on the 7 th of December 1999 over an area of 124m by 42m. Archaeological Projects Services report that: <i>'Watching brief on two trenches dug through tarmac road surface for a water main on High Street, Helpingham. No Archaeological remains were encountered.'</i>	

Archaeological Events

ELI11249	Watching Brief	An archaeological watching brief was conducted on the land west of the Parish Church of St Mary and the Holy Rood, Donington on the 25 th of May 1999. The watching brief was conducted by Archaeological Project Services and they report that ' <i>no significant archaeological finds or features were revealed.</i> '	
ELI11267	Field Observation	A field observation occurred at St Mary's and Holy Rood Church, Donington. The observations were conducted by Lincolnshire County Council on the 25 th of January 2012.	
ELI11268	Site Visit	A site visit occurred on the 24 th of January 2012 at the Church hall in Donington by Lincolnshire County Council.	
ELI11269	Site Visit	A site visit was made to number 42 Church Street, Donington by Lincolnshire County Council on the 24 th of January 2012.	
ELI11270	Site Visit	A site visit was conducted by Lincolnshire County Council on the 24 th of January 2012 to number 39 Church Street, Donington.	
ELI11285	Site Visit	A site visit was conducted at number 10 and 11 Market Place Donington by Lincolnshire County Council on the 7 th of December 2012.	
ELI11286	Site Visit	A site visit was conducted by Lincolnshire County Council on the 7 th of December 2012 at number 20 Market Street, Donington.	
ELI11288	Site Visit	A site visit was conducted at number 27 Church Street, Donington by Lincolnshire County Council on the 24 th of January 2012.	
ELI11289	Site Visit	A site visit was conducted at number 27 Church Street, Donington by Lincolnshire County Council on the 7 th of December 2012.	
ELI11291	Site Visit	A site visit was conducted at number 32 and 34 Church Street, Donington by Lincolnshire County Council on the 7 th of December 2012.	
ELI11292	Site Visit	A site visit was conducted at number 5, Station Street, Donington, by Lincolnshire County Council on the 7 th of December 2012.	

Archaeological Events

ELI11295	Site Visit	A site visit was conducted at number 14 Market Street, Donington, by Lincolnshire County Council on the 19 th of December 2012. During the site visit photographs were taken.
ELI11296	Site Visit	A site visit was conducted at number 18 Market Street, Donington, by Lincolnshire County Council on the 19 th of December 2012. During the site visit photographs were taken.
ELI11297	Site Visit	A site visit was conducted at number 2 High Street, Donington, by Lincolnshire County Council on the 19 th of December 2012. During the site visit photographs were taken.
ELI11298	Site Visit	A field observation was conducted at number 2 High Street, Donington, by Lincolnshire County Council on the 19 th of December 2012. During the site visit photographs were taken.
ELI11299	Site Visit	A field observation was conducted at number 23 Market Street, Donington, by Lincolnshire County Council on the 19 th of December 2012. During the site visit photographs were taken.

Archaeological Events

ELI11445	Site Visit	A site visit was conducted at the Mansfield House, Donington, by Lincolnshire County Council on the 29 th of January 2013. During the site visit photographs were taken.	
ELI11447	Field Observation	A field observation was conducted at the Windmill, Quadding, Donington, by Lincolnshire County Council on the 17 th of January 2013. During the site visit photographs were taken.	
ELI11450	Site Visit	A site visit was conducted at Wikes Farm, Donington, by Lincolnshire County Council on the 17 th of January 2013. During the site visit photographs were taken.	
ELI11454	Site Visit	A site visit was conducted at the Coach House and Stables adjacent to St Helliers, Donington, by Lincolnshire County Council on the 12 th of December 2012. During the site visit photographs were taken.	
ELI11468	Site Visit	A site visit was conducted at number 74 Quadding Road, Donington, by Lincolnshire County Council on the 1 st of October 2013. During the site visit photographs were taken.	
ELI11469	Site Visit	A site visit was conducted at the mile post, Donington, by Lincolnshire County Council on the 1 st of October 2013. During the site visit photographs were taken.	
ELI11486	Building Survey	A photographic building survey of outbuildings at Number 21 The Green, Helpringham by Archaeological Projects Services occurred between the 28 th of April and 3 rd of May 2011. Archaeological Projects Services report that: <i>'A photographic building survey was conducted of an outbuilding at 21 The Green, Helpringham. The outbuilding was of likely 19th century date, built of brick with a pantile roof. It was used for storage, but has since been demolished.'</i>	
ELI11841	Building Survey	A building survey was conducted on the White Cottage at Beck farm, Bridge End Causeway, Donington, by the Royal Commission on the Historical monuments of England between the 1 st and 30 th of August 1991.	
ELI11868	Site Visit	A site visit was conducted at the Methodist Chapel, Quadding Fen by Lincolnshire County Council on the 23 rd of February 2010. <i>'The site of the former nonconformist chapel was visited as part of a survey of nonconformist chapels in South Holland</i>	

Archaeological Events	
	<i>District. A site visit to the site of the Methodist Chapel on Beck Bank, Quadding Fen.'</i>
ELI11869	Site Visit A site visit was conducted to the site of the Primitive Methodist Chapel in Town Road, Quadding by Lincolnshire County Council on the 23 rd of February 2010. The site was visited as part of a nonconformist chapel survey conducted in South Holland District.
ELI11980	Watching Brief A watching brief was conducted at land in Orchard Close, Helpingham by Archaeological Project Services between the 23 rd of July 2001 and 11 th of July 2002 over an area of 150m by 164m. Archaeological Project Services report that: 'A watching brief was conducted during the groundworks for new residential development on land at Orchard Close, Helpingham. Remains of Medieval ridge and furrow and associated ditches and a post hole were recorded, along with later Post Medieval activity. A small quantity of Late Medieval and early Post Medieval pottery and animal bone was recovered with a single 8 th or 9 th century Early Medieval pottery sherd.'
ELI11991	Excavation An excavation of a burial took place at Garwick, Heckington Fen by Lincolnshire County Council between the 1 st and 30 th of September 2009. Lincolnshire County Council reported that: 'In September 20069, following the discovery of a possible sword during metal detecting, Lincolnshire County Council staff visited the site and excavated a skeleton that was recorded and photographed. A trench of approximately two meters in length by one and a half meters in width, targeting the skeleton, was excavated using hand tools. The trench was excavated in level spits so that the skeleton was revealed and any finds could be recorded. The skeleton was left in situ although the finds were lifted for recording in the Portable Antiquates Scheme.'
ELI12099	Watching Brief A watching brief was conducted at number 11A Station Street, Donington, by Neville Hall on the 3 rd of May 2014 over an area of 13m by 25m. This is what Neville Hall reported occurred: 'A scheme of archaeological monitoring and recording was conducted during the groundworks phase of the construction of a new dwelling at 11a Station Street, Donington. No archaeological features or finds were recorded.'
ELI12136	Site Visit A site visit was conducted at the pillbox, South Forty Foot Drain, by the Council for Archaeology on the 10 th of January 1996. This is what the council reported: 'A site visit was made to inspect the Second World War pillbox at South Forty Foot Drain. The visit was made by

Archaeological Events	
	<i>Margaret Sibley as part of the Defence of Britain project.</i>
ELI12205	<p>Watching Brief</p> <p>A watching brief occurred at Fen Farm House, Horbling Fen Drove by Midland Archaeological Services between the 29th of May and 16th of September 2013 over an area of 24m by 16m. Midland Archaeological Services reported that: <i>'A programme of archaeological monitoring and recording was conducted during the groundworks for the construction of a new dwelling at Fen Farm House, Horbling Fen Drove. The site had been extensively disturbed by previous development activity and no archaeological features, deposits or finds were encountered.'</i></p>
ELI12209	<p>Magnetometry Survey</p> <p>A magnetometry survey was conducted at land off George Street, Helpingham by Archaeological Project Services on the 23rd of March 2014 over an area of 78m by 157m. Archaeological Project Services report that: <i>'A detailed magnetometry gradiometer was conducted to inform proposed development on land off George Street, Helpingham. Fair linear magnetic anomalies, thought to represent the remains of Medieval ridge and furrow, were the only archaeological features identified.'</i></p>
ELI12257	<p>Watching Brief</p> <p>A watching brief was conducted on the land adjacent to 27 Quadring Road, Donington, by Neville Hall between the 13th and 25th of November 2014 over an area of 32m by 36m. Neville Hall reported that: <i>'A programme of archaeological monitoring and recording was conducted during ground works for the construction of two new dwellings on land adjacent to 27 Quadring Road, Donington. No Archaeologically significant features, deposits or finds were encountered.'</i></p>
ELI1229	<p>Watching Brief</p> <p>A watching brief was conducted at Church Street between by Archaeological Project Services between the 1st of January 1999 and 31st of March 2000 over an area of 31m by 32m.</p>
ELI1271	<p>Watching Brief</p> <p>A watching brief was conducted on land at Red Lion Street by Archaeological Project Services on the 2nd of February 1998 over an area of 321m by 33m. Archaeological Project Services report that: <i>'A watching brief was undertaken during excavation of footings for a new house with attached garage.'</i></p>
ELI1273	<p>Field Observation</p> <p>A field observation was undertaken at the Donington Conservation Area by Archaeological Project Services on the 15th of February 1999 over an area of 1170m by 533m. They report that: <i>'A site visit was made to assess the possible level of surviving archaeological deposits, and to identify hitherto</i></p>

Archaeological Events

			unknown archaeological sites.'
ELI1281	Watching Brief		A watching brief was conducted on land adjacent to the Abacus, Swineshead by Archaeological Project Services between the 5 th and 5 th of January 2000 over an area of 11m by 10m. Archaeological Project Services report that: 'A watching brief was carried out to monitor excavation of foundations for a new extension to an existing building.'
ELI1392	Watching Brief		A watching brief was conducted on land off Drury lane and Friest lane – Plots 1 and 4 by Lindsey Archaeological Services between the 20 th of July and 6 th of August 1999 over an area of 60m by 113m. Lindsey Archaeological services report that: 'A watching brief was carried out during groundworks for two houses (Plots 1 and 4) on a 0.35ha site.'
ELI1403	Watching Brief		A watching brief was conducted on land at Church Lane, Swineshead by Archaeological Project Services on the 20 th of September 1999 over an area of 46m by 62m. Archaeological Project Services report that: 'A watching brief was undertaken during groundworks for a single residential dwelling.'
ELI1422	Watching Brief		A watching brief was conducted at The Causeway, Swineshead by Archaeological Project Services on the 20 th of October 1999 over an area 23 by 30m. Archaeological Project Services reported that: 'An archaeological watching brief was undertaken on land north of The Causeway, Swineshead, during the excavation of foundation trenches for a detached bungalow. A possible pit of Medieval date, containing pottery and slag and an early Post Medieval ditch were recovered. An undated brick well, probably of a 19 th century date, was also identified.'
ELI1459	Field Observation		A field observation was undertaken on a proposed development of land at Station Street, Donington by Archaeological Project Services in the 12 th of October 2000 over an area of 95m by 85m. They report that: 'A walkover survey was undertaken to assess the possible level of surviving archaeological deposits.'
ELI1474	Field Observation		A casual field observation was undertaken during a walk along a public footpath in Donington by Site inspector Peter Lorimar, Oxford Archaeology, between the 1 st of December 2000 and the 4 th of January 2001. They report that: 'Roman pottery was noted by Peter Lorimar while walking along a public footpath.'
ELI1483	Watching		A watching brief was conducted at the Nag's Head, High Street, Helpingham by Archaeological Project Services

Archaeological Events

			between the 25 th and 26 th of October 2000 over an area of 20m by 15m. Archaeological Project Services report that: 'A watching brief was carried out during excavation of footings for two extensions to the public house.'
ELI1513	Watching Brief		A watching brief was conducted at the development at South Street, Swineshead by Archaeological Project Services on the 6 th of November 2000 over an area of 23m by 26m. Archaeological Project Services report that: 'A watching brief was carried out during groundworks for adjoining houses.'
ELI1543	Site Visit		A site visit was conducted to land off Orchard Close, Helpingham by Archaeological Project Services on the 3 rd of October 2000 over an area of 150m by 164m. Archaeological Project Services report that: 'A site visit was conducted to assess the archaeological implication of residential development on land off Orchard Close, Helpingham. Earthworks of Medieval ridge and furrow were noted.'
ELI1557	Trial Trenching		A trial trenching event took place on land at Hall Road, Great Hale by Archaeological Project Services between the 1 st on 13 th of December 2000 over an area of 220m by 177m. Archaeological Project Services report that: 'An evaluation, in the form of trial trenching, was undertaken on circa 1.98ha of land to determine the implications of proposed development. Twelve trenches were excavated, covering a 2% sample of the site. ten trenches measured 20m by 1.6m, and two trenches measured 25m by 1.6m. numerous archaeological features ranging in date from, Prehistoric to Post Medieval were identified.'
ELI1558	Trial Trenching		A trial trenching event, in the form of test pits, took place on the land at Hall Lane, Great Hale by Archaeological Project Services between the 1 st and 13 th of December 2000 over an area of 47m by 47m. Archaeological Project Services report that: 'Three test pits were excavated during a scheme of trial trenching, to locate a possible pond. No archaeological deposits were identified.'
ELI1470	Walkover Survey		A walkover survey was conducted on land off Hall Road by John Samuels Archaeological Consultants on the 28 th of September 2000 over an area of 220m by 177m. John Samuels Archaeological Consultants report that: 'A walkover survey was conducted on circa 1.98ha of land to examine the topography and current land-use, and to identify any previously unrecorded above ground archaeology. No archaeological finds or features were observed.'

Archaeological Events

			<p>A geophysical survey on land of Hall Road, Great Hale by GSB Propection on the 28th of September 2000 over an area of 220m by 177m. GSB Propection report that:</p> <p><i>'A fluxgate gradiometer survey was carried out to locate and identify the nature and extent of any archaeological remains within the survey area. A number of possible archaeological features were identified along with anomalies which represent features shown on the 1905 O.S. map.'</i></p>
ELI1571	Geophysical Survey		
ELI1576	Trial Trenching		<p>A trial trenching event took place at Morley Farm, Morley lane, Bicker, by Pre-Construct Archaeology (Lincoln) between the 15th and 19th of January 2001 over an area of 125m by 142n. Pre-Construct Archaeology (Lincoln) report that:</p> <p><i>'An evaluation, in the form of trial trenching, was carried out on circa 1.1ha of land at Morley Farm, prior to an application for residential development (six dwellings). Nine trenches were excavated, with a tenth being added to investigate an observed surface irregularity. Eight trenches measured 10m in length, one measured 15m, and Trench 10 measured 7.5m. five trenches were positioned to investigate magnetic anomalies, and five others randomly placed.'</i></p>
ELI1597	Magnetometry Survey		<p>A magnetometry survey was conducted on the land off Morley lane, Bicker, by Pre-Construct Geophysics on the 15th of November 2000 over an area of 95m by 114m. Pre-Construct Geophysics report that:</p> <p><i>'A fluxgate gradiometer survey was carried out on circa 0.3ha of land as part of an evaluation.'</i></p>
ELI1653	Resistivity Survey		<p>A resistivity survey was conducted at Wykes Manor farm, Donington, by Merrony C and Johnson S between the 28th and 30th of July 1988 on an area of 135m by 144m. Merrony C and Johnson S report that:</p> <p><i>'A resistivity survey was undertaken on circa 5,400 square meters of land to investigate the possible presence of Medieval or earlier structures below ground.'</i></p>
ELI1685	Watching Brief		<p>A watching brief was carried out on land off Monk's Road, Swineshead by Archaeological Project Services between the 23rd of July 1998 and 25th of October 1999 over an area of 93m by 87m. Archaeological Project Services report that:</p> <p><i>'Watching brief on a development of fifteen dwellings off Monk's Road, Swineshead. The natural deposits on this site</i></p>

Archaeological Events	
	were sandy silts, typical marine sediments, which were deposited in the post Roman period, probably between the 5 th and 7 th centuries.'
ELI1715	Watching Brief A watching brief was conducted at Plot 2, Park Lane, Donington by Archaeological Project Services in the 7 th of July 2000 over an area of 43m by 24m. Archaeological Project Services report that: 'A watching brief was undertaken during groundworks for a new dwelling and attached garages.'
ELI1731	Watching Brief A watching brief was carried out on High Bridge, Swineshead by Archaeological Project Services on the 26 th of June 2000 over an area of 42m by 43m. Archaeological Project Services report that: 'A watching brief was carried out during groundworks for an extension to a bungalow.'
ELI1836	Trial Trenching A trial trenching event took place at Ashcourt Donington, by Archaeological Project Services between the 30 th of January and 2 nd of February 2001 over an area of 95m by 85m. Archaeological Project Services report that: 'An evaluation, in the form of trial trenching, was undertaken prior to residential development. The trenching comprised of 2% sample of the site. four trenches were excavated, each measuring 10m by 1.6m.'
ELI1850	Watching Brief A watching brief was carried out on Plot 3, The Causeway, Swineshead by Archaeological Project Services on the 30 th of January 2001 over an area of 18m by 23m. Archaeological Project Services report that: 'A watching brief was undertaken during groundworks for a dwelling.'
ELI2018	Metal Detecting Survey A metal detecting event took place at Smithy Farm Swaton between the 1 st of March and the 29 th of December 1992 over an area of 102m by 97m. The HER report that three associated monuments are connected to this event: 60931 – Roman finds, land at Smithy Farm, Swaton 60932 – Early Medieval finds, land at Smithy Farm, Swaton 62964 – The settlement of Swaton
ELI2079	Watching Brief A watching brief was conducted at Cowley Secondary School, Donington, by Pre-Construct Archaeology (Lincoln) between the 22 nd and 25 th of February 2000 over an area of 20m by 18m. Pre-Construct Archaeology (Lincoln) report that:
